Di was great when I was teaching two of my grandsons how to drive my manual car and she added them to my insurance policy for six months

Di has over 9 years' experience in the insurance industry, including 1 year with Rothbury. Having worked in a variety of roles within the industry, Di has a solid understanding of Domestic Insurance policies and knows how to best support her clients. She excels at finding specific solutions and tailoring policies to meet her client's individual needs.

Di moved here from South Africa back in 2003 and really appreciates the beautiful outdoors that's right in her 'backyard'. Adventuring around the region with her son is her favourite weekend activity and she loves volunteering at community events, especially around Christmas time.
