Southland Jun 2022

I feel we are being looked after very well.

Matt started in the insurance industry in 2008 and re-joined Rothbury again in 2023. He prides himself in his empathy and always goes the extra mile to understand each clients' business to ensure he can put together the greatest coverage suited for them. Matt is personable, efficient and holds his Level 5 Certificate in Financial Services.

He regularly gets involved in running events like Parkrun and doesn't mind the odd Half Marathon/Mountain race! Artistic by design, Matt has even recently started to paint canvas paintings! Matt loves the Southland region for its people and its lack of traffic and it's not that far to jump to Fiordland or Central Otago for those epic trails.
