What Andi's clients have to say

Ashburton Oct 2025

We are very satisfied with the service and the personnel we dealt with.

Andi joined the insurance industry in 1999 and took a brief hiatus from 2013 to 2025 to work in finance before returning and starting with Rothbury in 2025. Andi is passionate about her clients; she believes her broad experience across different areas of insurance will help achieve the best stress-free outcome when they need to make a claim.

Andi loves catching up with friends and family and spends weekends bargain hunting and helping her husband renovate their villa.
