This feedback does not accurately reflect our work with Anna. We contacted her regarding renovation insurance, and she was fantastic in every way to deal with.

The brokers from Rothbury always give me wonderful support when it's needed. They are warm, empathetic and constructive, so I can relax in any stressful situations, whether big or small. And with Anna I can rest assured.

Anna started in the insurance industry and with Rothbury Insurance in 2022. She is a creative thinker who will always strive to seek the very best outcome for clients. Anna is great at sensing how people are feeling and catering to their needs without the need to specify. She is looking forward to forming long term relationships with her clients and learning about them as individuals.

When she's out of office, Anna loves all things arts and crafts! She can usually be found painting, making jewelry, drawing or even crafting up something delicious in the kitchen! A vegan and animal lover, Anna has many pets and is currently the proud owner of rats, frogs, and fish.
