If everyone we dealt with were as good as Nicola and Ash we would be very happy. They were amazing!

Ash started in the insurance industry in 2015 and joined Rothbury in 2023. He is empathetic, always works with integrity and has great critical thinking skills. Ash strives to provide the best outcomes he possibly can, advocating for his wonderful clients when things go wrong. He has a great knowledge of insurance products and a great range of industry experience.

In his spare time, Ash can usually be found exploring new cafes and restaurants with his wife across Auckland city. He is particularly partial to the North Shore region as he loves its small town feel, local coffee shops and gorgeous beaches. Ash really enjoys doing volunteer days at Auckland City Mission, packing food parcels and helping sort clothing & electronics for those in need. He's an avid video gamer and really appreciates the art and talent that goes into creating new worlds that can be explored from the comfort of our own homes! Ash has a Food Safety Certificate and is a trained First Aider.
