Canterbury Aug 2025

Emily investigated other options for my car insurance, which I appreciate in light of the ever-increasing costs of insurance generally.

Emily started in the insurance industry in 2021 and joined Rothbury in 2023. She has great attention to detail, excellent time management skills and is excited to start building relationships and a good rapport with her clients. Emily will provide a tailored insurance experience to achieve the best insurance outcome for each specific client.

In her free time, Emily can usually be found taking part in fitness activities such as aerial fitness, exploring the great outdoors, or attending the gym. She loves the area for its proximity to new scenery and enjoys attending the local markets whenever she can. One of her favourite things is watching people enjoy the delicious food and baked goods she makes at home!
