Ethan worked with us to get terms on a difficult renewal for our NZI Eschelon homeowners cover. Issue was storm damage. He kept us informed as we worked through to a successful renewal. Professional and a pleasure to deal with when a simple renewal became a back and forth process. This is when having a broker makes all the difference!

Ethan began his insurance journey in 2021 and joined Rothbury in 2024 through the acquisition of Austinsure. Working primarily with Roofers and Lawyers, Ethan prides himself on his versatility, time management, and clear communication with clients. He enjoys the diversity of accounts he manages, meeting new clients, and collaborating with his colleagues. Ethan also holds his Level 5 ANZIIIF qualification in General Insurance.

Outside of work, Ethan is an avid sports enthusiast, playing football, basketball, touch, and golf. He loves living in Auckland for its proximity to family, who keep him busy. Having completed half marathons, he's now training for a full marathon while learning Spanish. Ethan also holds a Bachelor of Commerce and is a qualified lifeguard.
