Since the conception of your business, Rothbury's personnel have always been extremely diligent, trustworthy, and professional with the necessary empathy toward their clients. Rothbury's has my highest recommendation.

Jenny began her insurance career in 2012 and joined Rothbury in 2017. She specialises in domestic clients, with a particular focus on supporting the older generations. Jenny's empathetic nature, strong claims knowledge, and attention to policy wordings allow her to get the job done efficiently and effectively. She looks forward to helping clients and building lasting relationships. Jenny brings a strong claims background and extensive knowledge of a variety of policies, including what they cover and don't cover.

Outside of work, Jenny enjoys lifting weights, spending time with her two young daughters, and planning holidays. The best thing about living in Canterbury for Jenny is being close to the beach, as she loves to be near the water
