Kaelan started in the insurance industry in 2020 and joined Rothbury in 2023. He is calm under pressure and a great converser with a wide range of insurance policy knowledge. Kaelan has several years' experience in customer based roles and takes pride in providing excellent overall care for all his clients.

When he's away from the office Kaelan enjoys sport in general, a favourite being Basketball (specifically the NBA) along with Martial Arts and UFC. He loves the diversity in Aotearoa that makes it one of a kind, along with the food culture that makes everyone feel at home. Kaelan is self professed big into property, co-leading and developing an online community with over 20,000 people based in USA. He somehow also finds the time to develop code for gaming communities and create TikToks for a large community, also in the USA!
