PREMIER PROPERTY

For Commercial Property Managers
and Owners

Premier Property has been designed to provide comprehensive cover for property portfolio managers and owners and can be tailored to your needs. Today's complex commercial property regulations and requirements mean you need more protection cover than ever before.

Property insurance offerings have traditionally focused on covering the asset but as the market has evolved and become more sophisticated with more parties involved in the ownership, management and protection of property, conventional products are no longer enough.

At Rothbury we provide complete solutions. Our Premier Property cover extends beyond the physical property to provide cover for a wide range of situations where things can go wrong.

Premier Property offers a wide range of protection and benefits not normally found in a Commercial Property insurance product.
